

## CONTRACT FOR MILTON COUNTY – CALL TO ACTION

Thank you for your outstanding support of the Contract for Milton County. We have over 2,000 digital signatures in a few short weeks. We have brought the banner version of the Contract to numerous events and handed out thousands more paper contracts. Outstanding work team!

We want to keep our momentum going and here is what you can do:

- Forward this email to at least 10 friends and have them sign the contract online at [www.contractformiltoncounty.com](http://www.contractformiltoncounty.com).
- Attend upcoming school board and community meetings. Show your support and stand up for our schools.
- Send notes of encouragement and thanks to North Fulton legislators for making Milton County a priority and let them know you are ready to help.
- We will be forming an Education Committee in May to work on the process for a separate North Fulton School System. Please consider serving on this committee. There will be more information to come!

If you have any additional questions, please let me know.

Sincerely,

*John Albers*
