Letter to Voters

Dear Voter,

We hope you and your family have a great 4th of July!

The election is just 18 days from today! Weâ€™ve been working harder than both of our opponents combined, and the hard work is paying off. With endorsements from the Roswell VFW, the Gulf War Veterans, GA, Association of Educators , Senator Dan Moody, and more to come we are right on track for dominating the district.

John has and will continue to run a positive and ethical campaign that we can all be proud to support. While other candidates have chosen to run a campaign based off of false accusations and negativity all this has done is show their true colors. Negative politics are ineffective and the Albers campaign will continue to take the higher road to victory. Unfortunately, the other candidates in this district election are at the root of the frustrations many feel at a national level. Because of this, It is more important than ever that John maintain his lead in order to position himself to take the next District 56 Senate seat.

Donations of any amount help in purchasing yard signs, media ads and sponsoring events. Please make a donation TODAY.

Please know that anyone can help. Friends, family, co-workers, anyone willing to work with the effort to shift politics back to where it belongs: serving the people. We also have a few key events remaining where we will need volunteers. There are many small ways to make a huge impact on the campaign.

Now is the time for our best efforts and we need your help!

We appreciate your support in bringing us one step closer to winning on July 20th!

Sincerely,

Albers for Senate Campaign Team
